ADOPTED CODES

Effective November 16, 2023, the City of Texas City Commission adopted the building codes in effect for Texas City, TX. From and after November 16, 2023, all building plans submitted for permits must be designed and constructed in accordance with the following versions of the International Code Council (ICC) family of codes and the National Electrical Code (NEC):

| CODE ABBREVIATION | CODE NAME |
|-------------------|-----------------------------------------------|
| IBC | 2021 INTERNATIONAL BUILDING CODE |
| IRC | 2021 INTERNATIONAL RESIDENTIAL BUILDING |
| IMC | 2021 INTERNATIONAL MECHANICAL CODE |
| IPC | 2021 INTERNATIONAL PLUMBING CODE |
| NEC | 2023 NATIONAL ELECTRICAL CODE |
| IECC | 2021 INTERNATIONAL ENERGY CONSERVATION CODE |
| IFGC | 2021 INTERNATIONAL FUEL GAS CODE |
| IPMC | 2021 INTERNATIONAL PROPERTY MAINTENANCE CODE |
| IEBC | 2021 INTERNATIONAL EXISTING BUILDING CODE |
| IFC | 2021 INTERNATIONAL FIRE CODE |
| ISPSC | 2021 INTERNATIONAL SWIMMING POOL AND SPA CODE |

Please remember all stamped building plans submitted for permits must reference the applicable code by name and date. Permit applications will be denied when building plans are not stamped or do not reference the correct code by name and date.

Please make note of this information to avoid delays in the processing of your building permit applications.

Respectfully,

Casey J. Bennett, Chief Building Official
